

Digital payments for same-day payroll demands

With Cycle, reduce costs while quickly disbursing DailyPay-funded payments for termination pay, payroll corrections, and other payments outside of your regular pay cycle.

An improved off-cycle pay experience for employers

- 1. Save time and money** A simplified, paperless pay process helps you manage common and time-consuming off-cycle payments.

- 1. Same-day payments to an employee's preferred account** DailyPay-funded transfers are quickly and easily managed with your DailyPay Solution

"We have been able to reduce our reliance on paper checks, and we gained a quick and simple solution to compensate for missing hours and PTO. Together, DailyPay and businesses like us can support the American workforce through even the most uncertain times."

-Rebecca Jarbo, Payroll Manager at Wireless Vision

Benefits

Goodbye, paper checks!	Same-day payments to employees	Free transfers to DailyPay accounts
No need to print & rush ship checks or maintain paycards for off-cycle payments.	Cycle's clear transfer cut-off times help you ensure payments are accessible to your employees in a timely manner.	\$5-10 transfer fee if sent to a non-DailyPay account (paid by employer).

Terminations

Same-day transfer cut-off times

For transfers to... ¹	Transfer by
To all non-DailyPay Accounts	3PM ET
To an employee's DailyPay Account	9PM ET

Note: If the payment has to reach the user's final destination account post reconciliation, the payment needs to be submitted by 3PM ET.

Cycle can help employers stay compliant when processing termination pay in states where it must be given to the outgoing employee on their final day of employment. Save hours and reduce the need for printing and overnight shipping paper checks by sending same-day Cycle payments to terminated employees.

Payroll corrections

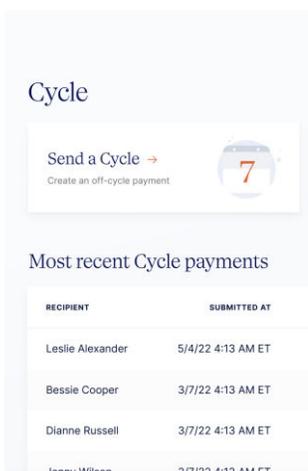

Expedite individual and batch payments for payroll corrections through Cycle. Pay employees for missing hours and other payroll corrections, all within the existing DailyPay Portal with minimal setup and training.
